

Question Paper Name: Post Basic B Sc Nursing 2YD
Subject Name: Post Basic B.Sc Nursing 2YD
Duration: 90

Display Number Panel: Yes
Group All Questions: No

Question Number : 1 Question Id : 480915401 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Longest bone of the body is

Options :

1. Tibia
2. Humerus
3. Femur
4. Scapula

Question Number : 2 Question Id : 480915402 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

The structure that helps in absorption of nutrients is

Options :

1. Large intestine
2. Small intestine
3. Stomach
4. Gall bladder

Question Number : 3 Question Id : 480915403 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

The spinal nerves are

Options :

1. 30 pairs
2. 31 pairs
3. 41 pairs
4. 20 pairs

Question Number : 4 Question Id : 480915404 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

The heart's natural pacemaker is termed as:

Options :

1. Sinoatrial node

2. Atrioventricular node
3. Bundle of His/atrioventricular bundle
4. Left and right bundle branches

Question Number : 5 Question Id : 480915405 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Normal duration of cardiac cycle is

Options :

1. 0.4 second
2. 0.6 second
3. 0.8 second
4. 1 minute

Question Number : 6 Question Id : 480915406 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Baroreceptors are related to

Options :

1. Stimulating hunger
2. Vision
3. Maintaining BP
4. Activity of thyroid gland

Question Number : 7 Question Id : 480915407 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Growth of microorganism in presence of oxygen

Options :

1. Aerobic
2. Anaerobic
3. Antibiotic
4. Anaphylactic

Question Number : 8 Question Id : 480915408 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

The dengue fever virus is

Options :

1. Arbo virus
2. Echo virus
3. Entero virus
4. Orthomyxo virus

Question Number : 9 Question Id : 480915409 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Confirmatory test for AIDS is

Options :

1. ELISA test
2. Western blot test
3. Karpas test
4. Fujerbio test

Question Number : 10 Question Id : 480915410 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Example of Anaerobic medium is

Options :

1. Nutrient agar
2. Nutrient broth
3. Mac-Conkey's agar
4. Robertson cooked meat medium

Question Number : 11 Question Id : 480915411 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Operant conditioning was proposed by:

Options :

1. Ivan Pavlov
2. BF Skinner
3. Sigmond Freud
4. Abraham Maslow

Question Number : 12 Question Id : 480915412 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

False perception with presence of object is called

Options :

1. Delusion
2. Illusion
3. Hallucination
4. Dementia

Question Number : 13 Question Id : 480915413 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Day dreaming is also known as

Options :

1. Regression
2. Submission
3. Fantasy
4. Projection

Question Number : 14 Question Id : 480915414 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

The rule one must marry within ones own caste is called

Options :

1. Exogamy
2. Endogamy
3. Monogamy
4. Polygamy

Question Number : 15 Question Id : 480915415 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Nature of a crowd is

Options :

1. Transitory
2. Continuous
3. Permanent
4. Stable

Question Number : 16 Question Id : 480915416 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

The visual examination of the body is called

Options :

1. Palpation
2. Auscultation
3. Inspection
4. Percussion

Question Number : 17 Question Id : 480915417 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Fowler's position is used to relieve

Options :

1. Abdominal pain
2. Back pain
3. Breathing difficulties
4. Swallowing difficulties

Question Number : 18 Question Id : 480915418 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Absence of oxygen in tissues termed as

Options :

1. Hypoxia
2. Dyslexia
3. Anorexia
4. Anoxia

Question Number : 19 Question Id : 480915419 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Benedict solution is used to test urine for

Options :

1. Albumin
2. Sugar
3. Ketone bodies
4. Bilirubin

Question Number : 20 Question Id : 480915420 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Hyperpyrexia means temperature above

Options :

1. 101°F
2. 103°F
3. 105°F

4. 107°F

Question Number : 21 Question Id : 480915421 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

An amputation bed is also known as

Options :

1. Fracture Bed
2. Open Bed
3. Stump Bed
4. Cardiac Bed

Question Number : 22 Question Id : 480915422 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Presence of blood in stool is known as

Options :

1. Lochia
2. Melaena
3. Hemetaemesis
4. Hemoptysis

Question Number : 23 Question Id : 480915423 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Proctoscope is used for examination of

Options :

1. Urinary Bladder
2. Ear
3. Rectum
4. Stomach

Question Number : 24 Question Id : 480915424 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

The most suitable position for giving an enema is:

Options :

1. Left lateral
2. Right lateral
3. Upright
4. Supine

Question Number : 25 Question Id : 480915425 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

One ounce is equal to

Options :

1. 280 grains
2. 380 grains
3. 480 grains
4. 580 grains

Question Number : 26 Question Id : 480915426 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Abbreviation of p.r.n. means

Options :

1. When required
2. If necessary in emergency
3. At once
4. At bed time

Question Number : 27 Question Id : 480915427 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Four basic steps of nursing process in order are

Options :

1. Assessment, observation, implementation and evaluation
2. Assessment, observation, planning and evaluation
3. Assessment, evaluation, interventions and implementation
4. Assessment, planning, implementation and evaluation

Question Number : 28 Question Id : 480915428 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

The inhaler commonly used for inhalation is

Options :

1. Bab's inhaler
2. Nelson's inhaler
3. Khurana's inhaler
4. Marsh's inhaler

Question Number : 29 Question Id : 480915429 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

In hospital, infectious rubber catheters should be discarded in

Options :

1. Blue colored bag
2. Black colored bag
3. Red colored bag
4. Green colored bag

Question Number : 30 Question Id : 480915430 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

The solution used for barium swallow is

Options :

1. Barium chloride
2. Barium nitrate
3. Barium sulphate
4. Barium citrate

Question Number : 31 Question Id : 480915431 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Personal hygiene is

Options :

1. To maintain height
2. Science of preserving and promoting health

3. Science of structure and function

4. For education

Question Number : 32 Question Id : 480915432 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Lack of roughage in diet leads to

Options :

1. Diarrhea
2. Constipation
3. Dysentery
4. Piles

Question Number : 33 Question Id : 480915433 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Bad odour of breath is called as

Options :

1. Glossitis
2. Gingivitis
3. Halitosis
4. Peridontitis

Question Number : 34 Question Id : 480915434 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Shick test is a diagnostic test for

Options :

1. Tuberculosis
2. Measles
3. Diphtheria
4. SARS

Question Number : 35 Question Id : 480915435 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Kopliks spot is typical clinical symptom of

Options :

1. Rubella
2. Rubeola
3. Mumps
4. Whooping cough

Question Number : 36 Question Id : 480915436 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Pandemic refers to

Options :

1. Affecting a large population
2. Scattered diseases
3. Presence of a disease in a given geographic area
4. Outbreak of disease

Question Number : 37 Question Id : 480915437 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

The world health day is celebrated every year on

Options :

1. April 7th
2. June 10th
3. July 7th
4. November 14th

Question Number : 38 Question Id : 480915438 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Main source of surface water is

Options :

1. Deep well
2. River
3. Spring
4. Shallow well

Question Number : 39 Question Id : 480915439 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Intensity of noise is measured in terms of

Options :

1. Decibels
2. Decilitre
3. Milimetre
4. Micrometre

Question Number : 40 Question Id : 480915440 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Bulletin board is an example of

Options :

1. Audio teaching aid
2. Visual teaching aid
3. Audiovisual aid
4. Projected teaching aid

Question Number : 41 Question Id : 480915441 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

One of the following is both audio and visual teaching aid

Options :

1. Specimen
2. Computer
3. O.H.P
4. Models

Question Number : 42 Question Id : 480915442 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

The teaching which is presented in a dramatical way known as

Options :

1. Demonstration
2. Role play
3. Symposium
4. Lecture

Question Number : 43 Question Id : 480915443 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Deficiency of vitamin A is

Options :

1. Pernicious anemia
2. Pellagra
3. Bitots spot
4. Kopliks spot

Question Number : 44 Question Id : 480915444 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

The protein requirement for an adult per kg of body weight is

Options :

1. 1.0g
2. 2.0g
3. 3.0g
4. 4.0g

Question Number : 45 Question Id : 480915445 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

One gram of fat provides

Options :

1. 4 calories
2. 6 calories
3. 8 calories
4. 9 calories

Question Number : 46 Question Id : 480915446 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Hormone produced by thyroid gland is

Options :

1. Thyroxin
2. ADH
3. FSH
4. Insulin

Question Number : 47 Question Id : 480915447 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Removal of whole breast is known as

Options :

1. Mastectomy
2. Breast sparing surgery
3. Breast reconstructive surgery

4. Mastoplexy

Question Number : 48 Question Id : 480915448 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Infection of middle ear is called as

Options :

1. Sinusitis
2. Mastoiditis
3. Otitis media
4. Adenoiditis

Question Number : 49 Question Id : 480915449 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Stapedectomy is the operation of choice for

Options :

1. Otosclerosis
2. Bells Palsy
3. Meniere's disease
4. Cholesteatoma

Question Number : 50 Question Id : 480915450 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Epistaxis is defined as

Options :

1. Perforation nasal septum
2. Displacement of nasal septum
3. Bleeding from nose
4. Bleeding from ear

Question Number : 51 Question Id : 480915451 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Peritonsillar abscess is also known as

Options :

1. Retropharyngeal abscess
2. Tonsillar abscess
3. Quinsy
4. Myxedema

Question Number : 52 Question Id : 480915452 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Intra ocular pressure is measured with an instrument called

Options :

1. Audiometer
2. Tonometer
3. Manometer
4. Perimeter

Question Number : 53 Question Id : 480915453 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Convulsion is associated with

Options :

1. Meningitis
2. Cardiac failure
3. Respiratory failure
4. Gingivitis

Question Number : 54 Question Id : 480915454 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Decreased potassium level in blood is called as:

Options :

1. Hypopotassimia
2. Hypokalaemia
3. Hyponatremia
4. Hypovoluemia

Question Number : 55 Question Id : 480915455 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Decreased platelet count is termed as

Options :

1. Leucopenia
2. Leukemia
3. Thrombocytopenia
4. Pancytopenia

Question Number : 56 Question Id : 480915456 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Paget's disease is a

Options :

1. Cardiac disorder
2. Bone disorder
3. Respiratory disorder
4. Endocrine disorder

Question Number : 57 Question Id : 480915457 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Most common etiological factor of cirrhosis of liver is

Options :

1. Smoking
2. Nutritional deficiencies
3. Alcoholism
4. Viral infection

Question Number : 58 Question Id : 480915458 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Mantoux test is used to diagnose

Options :

1. Tuberculosis
2. Brucellosis

3. Hepatitis
4. Typhoid

Question Number : 59 Question Id : 480915459 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

A patient has chronic renal failure, the main indication for hemodialysis is a

Options :

1. Hypertension
2. Ascites
3. Hyperkalemia
4. Acidosis

Question Number : 60 Question Id : 480915460 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Inflammation of middle layer of heart is known as

Options :

1. Endocarditis
2. Myocarditis
3. Pericarditis
4. Epicarditis

Question Number : 61 Question Id : 480915461 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Most common clinical manifestation of hodgkin's lymphoma is

Options :

1. Fever
2. Leucocytosis
3. Painless enlargement of lymph node
4. Vomiting

Question Number : 62 Question Id : 480915462 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Cryptorchidism means

Options :

1. Inflammation of testes
2. Carcinoma of testes
3. Undescended testes
4. Removal of testes

Question Number : 63 Question Id : 480915463 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Fistula between vagina and bladder is

Options :

1. Vesicovaginal fistula
2. Rectovaginal fistula
3. Urethrovaginal fistula
4. Uterovesical fistula

Question Number : 64 Question Id : 480915464 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Oral cancer most commonly affects the

Options :

1. Tongue
2. Lower lips
3. Bucal mucosa
4. Floor of the mouth

Question Number : 65 Question Id : 480915465 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Omeprazole is a

Options :

1. Antacid
2. Proton pump inhibitor
3. Antibiotic
4. Antiemetic

Question Number : 66 Question Id : 480915466 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Delirium is a disorder of

Options :

1. Consciousness
2. Perception
3. Memory
4. Thought

Question Number : 67 Question Id : 480915467 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

A mental disorder characterized by stereotype speech is

Options :

1. Mannerism
2. Cataplexy
3. Verbigeration
4. Negativism

Question Number : 68 Question Id : 480915468 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Irrational pathological fear of high places is termed as

Options :

1. Agrophobia
2. Acrophobia
3. Algophobia
4. Xenophobia

Question Number : 69 Question Id : 480915469 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

A pleasurable affect disorder in which a person has symptoms of grandiosity is

Options :

1. Elation
2. Exaltation
3. Grief
4. Euphoria

Question Number : 70 Question Id : 480915470 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Delusion of negation is also known as

Options :

1. Delusion of persecution
2. Delusion of grandeur
3. Nihilistic delusion
4. Delusion of guilt

Question Number : 71 Question Id : 480915471 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Painful intercourse is termed as

Options :

1. Dysmenorrhea
2. Dyspareunia
3. Amenorrhea
4. Porphyria

Question Number : 72 Question Id : 480915472 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Permatute separation of placenta is known as

Options :

1. Abruptio placenta
2. Succenturiate placenta
3. Placenta Previa
4. Placenta Accrete

Question Number : 73 Question Id : 480915473 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Excessive salivation during pregnancy is called as

Options :

1. Pica
2. Ptyalism
3. Heart burn
4. Diaphoresis

Question Number : 74 Question Id : 480915474 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Mucous plug of vagina during pregnancy is called as

Options :

1. Operculum
2. Diverticulum
3. Show

4. Lochia

Question Number : 75 Question Id : 480915475 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

The normal weight of placenta is

Options :

1. 200gms
2. 500gm
3. 700gm
4. 900gm

Question Number : 76 Question Id : 480915476 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

The milk expressed from the breast of new born during the first week of life is termed as

Options :

1. Fore milk
2. Hind milk
3. Witch's milk
4. Colostrum

Question Number : 77 Question Id : 480915477 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Decidua is the name given to the

Options :

1. Endometrium during pregnancy
2. Myometrium during pregnancy
3. Endometrium during puberty
4. Myometrium during puberty

Question Number : 78 Question Id : 480915478 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Woman in labour is called as

Options :

1. Parturient
2. Gravid
3. Para
4. Primi

Question Number : 79 Question Id : 480915479 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

A woman who delivers twins in first pregnancy is

Options :

1. G2P1
2. G1P1
3. G2P2

4. G1P2

Question Number : 80 Question Id : 480915480 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

The Other name for morning sickness is

Options :

1. Emesis gravidarum
2. Hyperemesis gravidarum
3. Pernicious vomiting
4. Precocious vomiting

Question Number : 81 Question Id : 480915481 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

The shape of the anterior fontanel is

Options :

1. Triangular
2. Diamond
3. Square
4. Circular

Question Number : 82 Question Id : 480915482 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Hypoglycemia in infants and child occurs if blood glucose level is below

Options :

1. 10mg/dl
2. 20 mg/dl
3. 30 mg/dl
4. 40 mg/dl

Question Number : 83 Question Id : 480915483 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

WHO oral rehydration solution includes following except:

Options :

1. Sodium Chloride
2. Potassium Chloride
3. Sodium citrate
4. Sodium Bicarbonate

Question Number : 84 Question Id : 480915484 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Infant with no social smile, no eyebrows and with protruded tongue diagnosis is

Options :

1. Down syndrome
2. Diabetic insipidus
3. Cretinism
4. Rickets

Question Number : 85 Question Id : 480915485 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

The stage of growth and development basically concerned with role identification is the

Options :

1. Oral stage
2. Genital stage
3. Oedipus stage
4. Latency stage

Question Number : 86 Question Id : 480915486 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

The part of the computer system that one can physically touch is

Options :

1. Data
2. Operating systems
3. Hardware
4. Software

Question Number : 87 Question Id : 480915487 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

RAM stands for

Options :

1. Random origin money
2. Random only memory
3. Read only memory
4. Random access memory

Question Number : 88 Question Id : 480915488 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

A blue print of what a teacher is going to teach in the class room is known as

Options :

1. Unit plan
2. Course plan
3. Lesson plan
4. Master rotation plan

Question Number : 89 Question Id : 480915489 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

The teaching method in which educator shows the various steps of doing procedure in systematic way in front of learners is:

Options :

1. Lecture
2. Demonstration
3. Panel discussion
4. Symposium

Question Number : 90 Question Id : 480915490 Question Type : MCQ Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

For effective teaching duration of seminar should be

Options :

1. Less than one hour
2. 1-2 hours
3. 2-3 hours
