& & & &

I invite your kind attention to the references 1<sup>st</sup> and 2<sup>nd</sup> cited and you are well aware that all the internees must undergo BLS training as a part of their internship at the ITC recognized centers as per the schedule issued by the Academic Co-ordinator of ITC, Dr. NTR UHS, Vijayawada. At present 03 recognized centres are catering to the needs of internees at A) Dr. NTR UHS Centre, Vijayawada B) Gandhi Medical College, Secunderabad and C) Andhra Medical College, Visakhapatnam regarding imparting of BLS training.

However, it came to the notice of the undersigned that some of the Principals are arranging BLS training at their institutions instead of sending them to any one of the recognized centres which is nothing but violation of Dr. NTR UHS instructions.

In this connection, I am by direction to inform that in order to ensure uniformity, quality and standards of BLS training, each and every student must undergo BLS training at the recognized centres only. It is the responsibility of the Principals to send their internees to any one of the recognized centres for BLS training. Therefore, the candidates completing their internship after 31/07/2015 will be issued with their Original Degrees and Official Transcripts, only if they undergo BLS training at the recognized centres of Dr. NTR UHS and on submission of "AHA certified BLS" certificate issued by Dr. NTR UHS. It is further informed that under any circumstances Original Degrees and Official Transcripts shall not be issued to the candidates who have not taken BLS training at the recognized centres.

I request all the Principals to follow the above instructions strictly. Also arrange to give wide publicity among the students by displaying the same in college notice board.

Please acknowledge the receipt of the same.
